MONTHLY PERIODIC PROGRESS REPORT

June 1, 1987-June 30, 1987

Work Efforts Completed to Date

In compliance with the Administrative Order on Consent, Index No. CERCLA-50103 issued to National Gypsum Company, the following activities were conducted during the month of June 1987 on behalf of National Gypsum by Fred C. Hart Associates, Inc. (HART).

Section I-C

On June 4, 1987, ten additional copies of the Draft Remedial Investigation Report were provided to EPA as requested.

Additionally on June 4, Francie Barker (HART) and Nigel Robinson (EPA) verbally agreed on the indicator parameters for the groundwater and surface water monitoring program based on the Draft Remedial Investigation Report. It was also agreed that the laboratory could be changed due to problems with turnaround times. Ms. Barker followed-up this phone conversation with a letter dated June 12 to EPA stating the agreed upon indicator parameters and the laboratory to be used for the monitoring program. The groundwater and surface water monitoring program began on June 15 and was completed on June 25.

Work anticipated to occur next month includes waiting for EPA to return comments on the draft RI report and laboratory data from the groundwater and surface water monitoring program.
